

Satellite radio is the greatest thing in my life right now...I saved up for it for months, and the variety and quality of the radio is something that is not available anywhere else. I pay for these services with my hard earned money, and it should not be up to the NAB to dictate what I am permitted to hear. Therefore, I do not agree with the NAB's petition 04-160 and firmly support XM's ability to provide the kind of programming I demand and deserve.
